**This application must be filed with the county assessor where the property is located.**

An application on file with the county assessor will be in force for a five year period and must be reapplied for every five years. After five years, or at the request of the Applicant, the address information will be part of the public record of the county.

Authorized by Neb. Rev. Stat. § 23-3211

## Instructions

**Who May File:** Neb. Rev. Stat. § 23-3211 provides that law enforcement officers may apply to the county assessor in their county of residence for their residential address to be withheld from the public by the county assessor and register of deeds unless the residential address is requested in writing. Law enforcement officer means any member of the Nebraska State Patrol, any county or deputy sheriff, or any member of the police force of any city or village.

**Disclosure of Residential Address:** A law enforcement officer's address that is withheld from the public pursuant to this application may be released subject to the public records laws (Neb. Rev. Stat. § 84-712 et. seq.) when a written request is received by the county assessor or register of deeds. *Such application does not guarantee that withheld residential addresses will not appear on scanned documents or other functions that are not immediately displayed in a search of records maintained by the county assessor or register of deeds.*

**Procedures:** The county assessor shall notify the register of deeds regarding the receipt of a completed application. The county assessor and register of deeds shall withhold the address of the applicant for five years after receipt of this application.
