September 2013

This Report of State Aid to Local Subdivisions for Fiscal Year 2012-2013 was prepared by the Nebraska Department of Revenue (Department) for distribution to Nebraska taxpayers pursuant to [Neb. Rev. Stat. § 77-1704.01](#).

**Section One** contains a schedule listing certain local subdivisions receiving state aid for all 93 counties. Each schedule includes the total amount of property taxes levied in 2012 for collection in 2013, and the amount of aid from state sources for Fiscal Year 2012-2013. Beginning this year, only those subdivisions that are required by statute will be listed. Natural resource districts, fire districts, townships, educational service units, and community colleges are not required to be listed. Total property taxes levied are total property taxes without any reduction for the homestead exemption. The total for each county receiving funds is listed separately on each county's schedule. Statistics for cities and school districts that overlap into more than one county are listed only on the schedule for the county in which they are considered to be headquartered.

**Section Two** includes a tabulation of specific aid programs funded by the Legislature from state revenue sources, and a summary of state aid distributed to local subdivisions in each county.
