The amount of state funds shown above (in the State Aid column) would have been additional property taxes if not allocated to the county, city, village, and school district by the Legislature. (Neb. Rev. Stat. § 77-1704.01)

*This district overlaps into another county. The amounts of total property taxes and state aid for the district are the total amounts for the district and not just the portion in this county. To avoid double counting, these totals are only shown in the county where the district is considered headquartered. If there are zero dollars shown, the district is considered headquartered in another county.

(Totals may not add due to rounding.)
